*Wedding Florals*

Spreading happiness one bloom at a time...

*We specialize in garden inspired, textural,  
and elegant floral arrangements.*

Our designs are garden inspired with beautiful blooms that we grow right here at Piggly Petals! The natural beauty of flowers influence each of our designs by their distinctive color and textural appearances.

Piggly Petals focuses on creating exceptional designs as we personalize florals to each couples style and budget. We shy away from the traditional, classical designs and focus on natural design techniques. Our goal is sustainability as we believe locally grown flowers are beyond beautiful and often overlooked!

Growing majority of the flowers used in arrangements helps to ensure the quality of the flowers in each design.

We will do our best to accommodate any special request that you may have.

*We look forward to working with you,
